

Tavo Annus

 kilpkonn |  +56618892 |  tavo.annus@gmail.com |  tavo-annus

Experienced software developer with interests in compilers, software architecture, Robotics and DevOps

Education

TalTech – Tallinn University of Technology

MASTER OF COMPUTER SCIENCE

Tallinn, Estonia

2021 - 2024

- GPA: 5.0/5.0
- Thesis: Term Search in Rust
- Courses: Data Mining | Machine Vision | Software Verification | Logical Programming

F# R Rust C Prolog

TalTech – Tallinn University of Technology

BACHELORS OF SCIENCE IN COMPUTER SCIENCE

Tallinn, Estonia

2018 - 2021

- GPA: 5.0/5.0
- Thesis: Development of Time Tracking and Visualization System for Programming
- Courses: Web Systems Development | Game Development | Robotics | Functional Programming

Python Java Kotlin C# Idris2

Professional Experience

Milrem Robotics

SENIOR SOFTWARE DEVELOPER

Tallinn, Estonia

2020 - Present

- In charge of THeMIS UGV platform software, mainly generator and motor control
- One of the main contributors to design of external interface
- In charge of 8x8 UGV platform high-level systems and CI/CD

C++ Rust ROS2 Zenoh

TalTech - Tallinn University of Technology

TEACHING ASSISTANT

Tallinn, Estonia

2019 - 2023

- Designed some tasks and mentored students in Python, Java and Algorithms courses
- Mentored students in Game/Web Development and Robotics courses

Python Java SpringBoot CI/CD

Projects & Associations

rust-analyzer

OPEN SOURCE CONTRIBUTOR

2023 - 2024

- Implemented term search (proof search) functionality
- Worked with type unification, trait solving, borrow checking and code generation

veloren

OPEN SOURCE CONTRIBUTOR

2021 - 2022

- Improved camera clipping and camera behavior in general
- Experimented with continuous time drag calculation for physics

Publications
